PRIVACY STATEMENT

Your privacy is important to 3W Infra B.V. (“3W INFRA”), therefore 3W INFRA takes great care in handling the personal data of its customers in order to protect customer privacy. 3W INFRA believes you should know what information they collect from you, as well as how that information is used, disclosed, and protected. 3W INFRA has created this Privacy Statement to explain their privacy practices and policies. This statement does not cover data hosted, transmitted or processed on infrastructure leased from 3W INFRA by its customers. The customer leasing 3W INFRA infrastructure will be responsible for the personal data processing, acting as a data controller. If at any time 3W INFRA has access to personal data stored on infrastructure leased from 3W INFRA, 3W INFRA shall be the data processor, and any actions performed by 3W INFRA in relation to such data shall be solely governed by the agreement concluded between 3W INFRA’s customer and 3W INFRA.

3W INFRA will not sell or disclose your personal information to unaffiliated third parties without your consent except as otherwise provided in this statement or our General Terms and Conditions of Sale and Services, and Acceptable Use Policy.

By using 3W INFRA websites, products and services you agree and give consent to the terms set out in this Privacy Statement.

This Privacy Statement was most recently changed on 01 January 2019.

- Information about your payment methods, such as credit card number, bank account number or other banking information;
- Information provided by you to 3W INFRA when you notify 3W INFRA of a (suspected) breach of 3W INFRA's Acceptable Use Policy.

PAYMENT INFORMATION

Your payment transaction may be processed by one of our third-party payment vendors: PayPal or Pay.nl. These vendors are payment providers who can process your payment on behalf of 3W INFRA.

3W INFRA MAY SHARE DATA ABOUT YOU WITH

- Partners or agents involved in delivering the services you've ordered with 3W INFRA;
- Debt collection agencies or other debt recovery organizations;
- Law enforcement agencies, regulatory organizations, courts or other public authorities to the extent required by law;
- A 3W INFRA customer, if you notify 3W INFRA that this customer use of 3W INFRA services violates the 3W INFRA's Acceptable Use Policy or applicable law;
- A third party that has claimed that your use of the 3W INFRA services violates the 3W INFRA's Acceptable Use Policy or applicable law (to the extent such sharing is required by law).

3W INFRA MAY PROCESS YOUR DATA FOR THE FOLLOWING PURPOSES:

- Processing of orders and provision of products and services;
- Conducting market research, conducting retention and customer satisfaction surveys, conducting marketing (including social media) and sales activities;
- Communicating with customers to provide information about services of 3W INFRA and affiliated companies, to provide information about offers, orders, provision of services, order status and payment, to provide support and maintenance services, to handle complaints, and to answer questions from (potential) customers;
- Performing financial processes (including calculating, invoicing and collection of service charges), processing financial transactions regarding the acceptance of orders, checking solvency and granting debt collection rights to third parties;

HOSTING SOLUTIONS

- Complying with statutory obligations, including the provision of data to authorized authorities in the context of criminal investigations, complying with (applicable) data retention obligations, and the provision to third parties of data concerning customers in connection with an infringement of these third parties' rights.

COOKIES AND SIMILAR TECHNOLOGIES

A cookie is a small amount of information that our websites can store on your computer or any other device used. Your device provides this cookie when visiting the same website in the future. Cookies are used to enhance your experience with a website.

3W INFRA uses cookies to identify visitors and track visits to their websites, store login session information and remember your user preferences.

Visitors can disable the storage of cookies in their web browser, but should be aware that doing so may affect the quality of the experience with a website.

WHERE DOES 3W INFRA STORE YOUR PERSONAL DATA

Personal data collected by 3W INFRA is stored and processed in a data center in Amsterdam, the Netherlands, being its primary and only location. Personal data collected by affiliates, service providers or payment providers of 3W INFRA may be stored and processed in any other country where they maintain facilities.

HOW TO ACCESS AND CONTROL YOUR PERSONAL DATA

You can view and edit part of your personally identifiable information by logging into the 3W INFRA Client Area (<https://www.3winfra.com/clientarea.php>).

If you cannot access certain personal data collected by 3W INFRA via the link above or directly through the 3W INFRA services you use, you can always contact 3W INFRA using the contact details listed below this statement. 3W INFRA will respond to requests to access (make available) or delete your personal data within 5 business days.

You can choose whether you do not wish to receive promotional communications from 3W INFRA by email, physical mail and telephone, or marketing communications (e.g., news and updates) from 3W INFRA. You can exercise that right at any time by contacting info@3winfra.com.

SECURITY AND SAFETY FEATURES

3W INFRA is committed to protecting the security of your personal data. We use a variety of security technologies and procedures to enable protecting your personal data from unauthorized access, use or disclosure. E.g., we store the personal data you provide on computer systems that have limited access and are in controlled facilities. When we transmit highly confidential data (such as a credit card number or password) over the Internet, we protect it through the use of encryption.

HOSTING SOLUTIONS

3W INFRA is ISO/IEC 27001:2013 certified for Information Security Management and compliant with Payment Card Industry Data Security Standard (PCI DSS). These certifications help 3W INFRA ensure that they have enterprise-grade controls in place to protect customer information and payment data.

WI-FI CONNECTION

On-premises, you have the option to access 3W INFRA's Wi-Fi network, which is made available to customers and other visitors. The network is secure, but nonetheless the user should be careful using this network to do something online that requires sensitive or personal data, such as making a banking transaction or a purchase.

A username and password may be provided to you in order to access this Wi-Fi network. You can also save this sign-in information so you do not have to sign in each time you wish to use the Wi-Fi network.

3W INFRA uses the information related to the Wi-Fi connection to store login session information.

CHANGES TO THIS PRIVACY STATEMENT

3W INFRA will update this Privacy Statement when necessary to reflect customer feedback and changes in their products and services, or if changes in the law so require. Changes to this statement will be made at 3W INFRA's sole discretion. When they post changes to this Privacy Statement, 3W INFRA will revise the "recently changed" date in introduction of the statement above and describe the changes in the announcement which is also made available on their website. If there are changes to the statement or in how 3W INFRA will use your personal data, they will notify you by sending you an announcement. 3W INFRA encourages you to periodically review this Privacy Statement to learn how it is protecting your data.
